

ENVELOPE SEALER PARTS model 720 & model 720-XL - available from Office Equipment Machine Shop. USA and Canada 877.336.6877 - sales@jhfinch.com

SPARE PARTS LIST for Envelope Sealing Machines MERCURE & Secap (all Models)

[illegible]

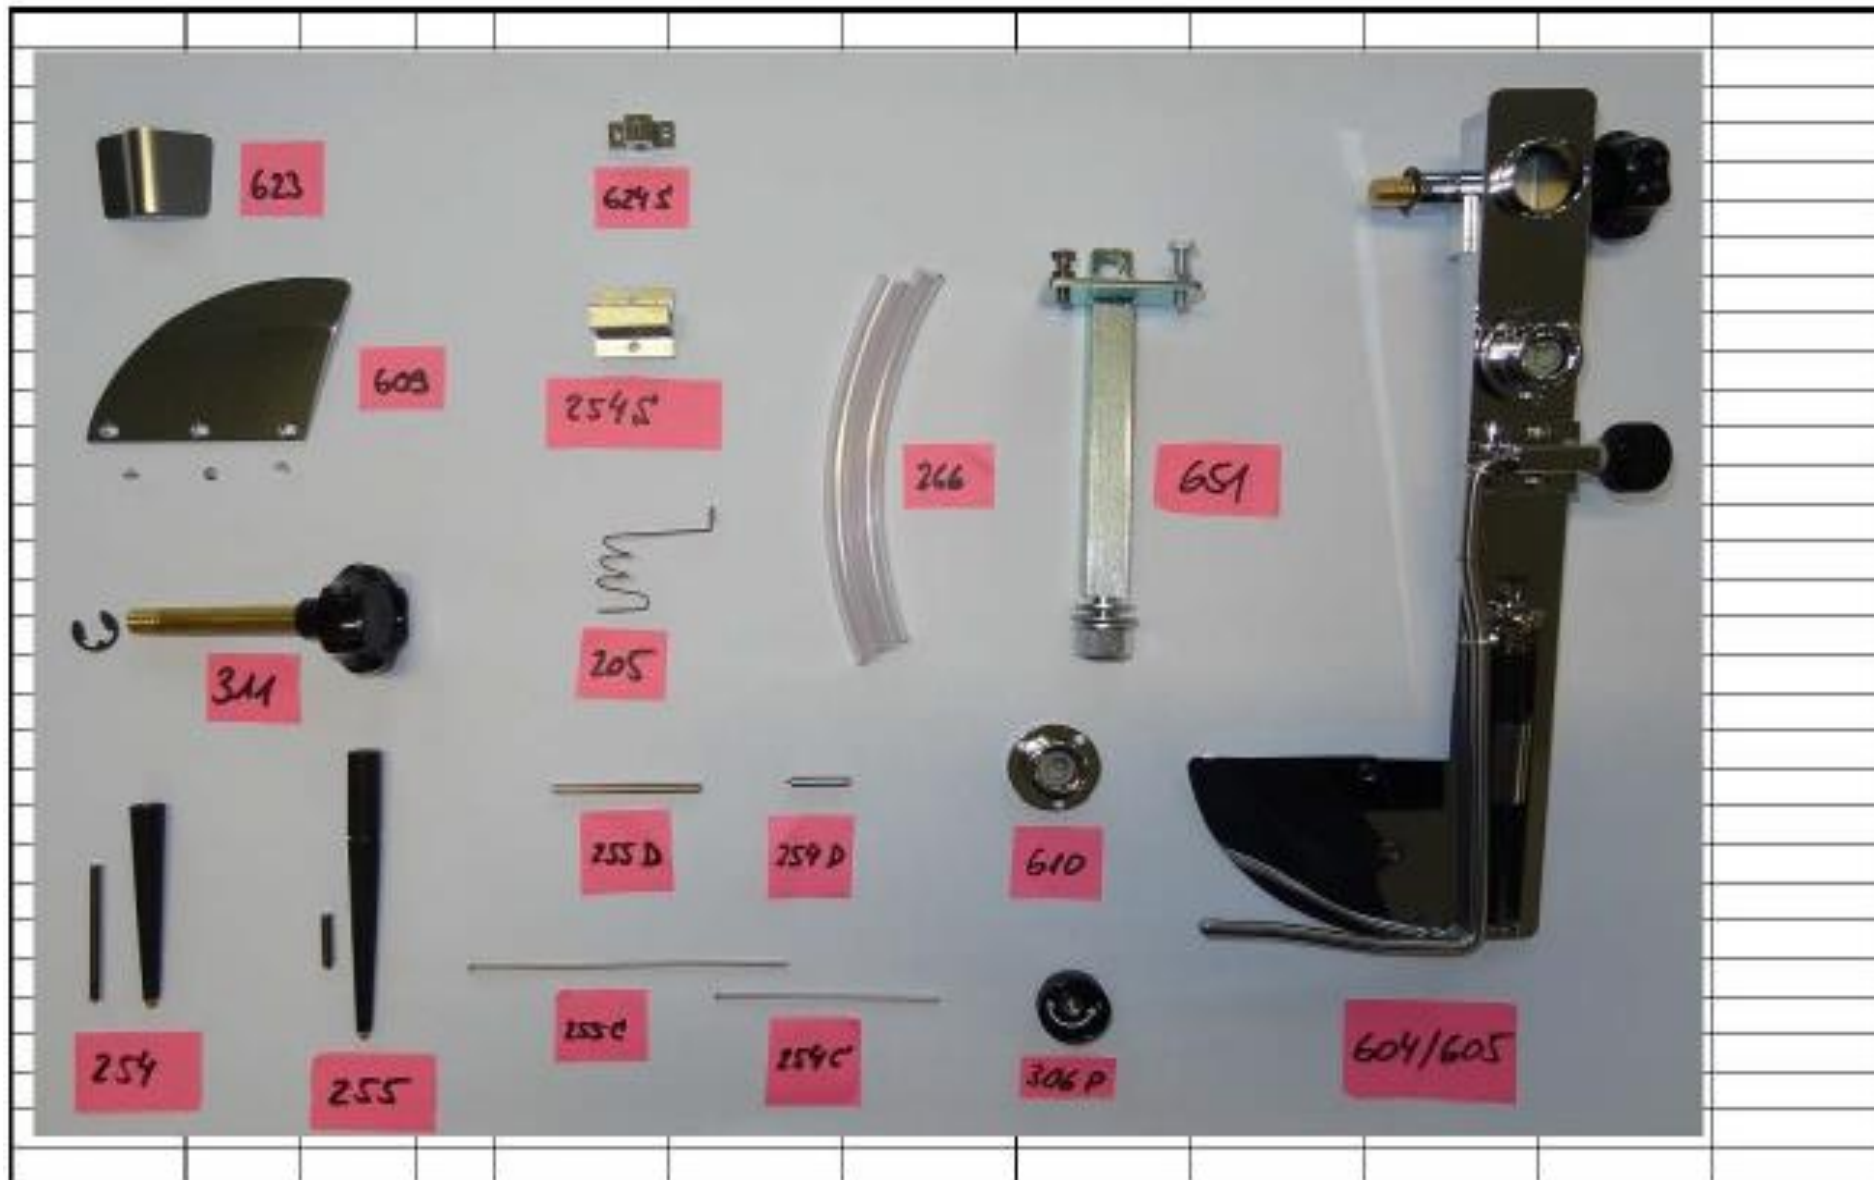

ENVELOPE SEALER PARTS model 720 & model 720-XL - available from Office Equipment Machine Shop. USA and Canada 877.336.6877 - sales@jhfinch.com

Part No.			Description							
300			KNURLED-HEAD SCREWS – STAR HANDLES							
303			Knurled-head Screw M-5 x 18 mm for format slide or pile angle							
305			Knurled-head Nut M-5 for holdfast of Separating Rubber							
306			Knurled-head Nut M-6 for Receiver Box							
306 P			Knurled-head Nut M-6 for Moistening Adjustment							
311			Star-handle black with axis for bassin-axis							
311 J			Star-handle black with axis for bassin-axis (for model "Jupiter" only)							
325			Knurled-head Nut M-8 for Foot Screw behind							
350			ELETRICAL PARTS							
355 P			Tumbler Switch Black 250 V / 6 A, Diameter 16 mm							
355 PA			Tumbler Actuator Mounting without Switch Contact Element							
355 PB			Switch Contact Element alone 250 V / 6 A for Tumbler Actuator							
368			Fuse holder 115 V with Control-Lamp, SIL 5x20mm							
369			Fuse holder 230 V with Control-Lamp, SIL 5x20mm							
400			RHEOSTAT for Regulation of Motor/Conveyor Rubber Belt Speed							
421			Rheostat complete 220V (400 Ohm/60W/0.39A/50Hz)							
421 /115			Rheostat complete, 115VAC (115Ohm/60W/0.72A/60Hz)							
422			Rotary Knob with Clamp Pincers and cover cap							
423			Dial Scale 0 – 10							
500			MOTOR							
525 KE			Geared Motor 230 V, 4000 RPM, Worm Gear 22:1, complete without Pulley, New Type KE							
526 KE			Geared Motor 115 V, 4000 RPM, Worm Gear 22:1, complete without Pulley, New Type KE							
528			Motor-Pulley, Diameter 55/10 mm with Screw M 5x8 mm inside hexagon 2.5 mm							
531			Motor Carbon Brush 5/6 mm with Spiral Spring							

ENVELOPE SEALER PARTS model 720 & model 720-XL - available from Office Equipment Machine Shop. USA and Canada 877.336.6877 - sales@jhfinch.com

Part No.	Description
550	ROLLERS
551	Flaps Feeding Roller fixed left complete with Axle M-6
552	Flaps Feeding Roller mobile right complete with Axle M-6
555	Conveyor Roller complete with Shaft Diameter 6 mm
573	Supporting Roller long (180mm) on Support, with screw M10 complete
575	Supporting Roller short (148mm) on Support, with screw M10 complete
591	Cylindrical Roller with Axle M-6 for Part No. 567
600	MOISTENING SYSTEM
604	Moistening Basin-Arm with short Moistening Roller and Shaft complete
605	Moistening Basin-Arm with long Two-Piece Roller and Shaft complete
609	Flaps Feeding Plate with 3 Screws for Moistening Basin-Arm
610	Box Level with 3 Screws for Moistening Basin-Arm
616	Transparent Water-Reservoir with Valve, Vacuum System
623	Cover for Moistening Roller against centrifugal Water (stainless Steel)
624 S	Support of Moistening Roller with 3 Screws
650	PILE ANGLE and FORMAT SLIDER
651	Support for Moistening Basin-Arm
652	Pile Angle without Fixing (p/n 685)
653	Format Slide Feeder complete
653 J	Format Slide Feeder with adjustable Angle for model "JUPITER" only
654	Fixing lever black for Format Slide Feeder (p/n 653 only)
685	Fixing for Pile Angle (p/n 652/653/653J)
686 A	Slide Bearing-Bush with Fixing Screw M5
