V-350

The V-350 Burster trims, separates, and stacks continuous forms at speeds up to 160 feet per minute. This compact burster accommodates up to 5-part carbonless or 3-part interleaved forms without adjustments.

V-130

The V-130 Signer & Imprinter (optional) can be used for imprinting signatures or advertising on continuous forms in the same run. The movable signature plates provide complete security and allow for easy changes.

V-130 SPECIFICATIONS
