

The GC10 is a single-pass business card slitter full of features. Has a removable sliding catch drawer tray with safety switch, a rotary cross-cut action that makes it run smooth and quiet, adjustable paper guides to allow for easy set-up for any customized needs, and cutting blades that are hardened steel and self-sharpening for years of operation without sharpening or replacement. .

This single pass design makes cutting business cards worry-free. Can create up to 50 cards per minute and can continuously feed on stacks up to 40 sheets. It's easy to design business cards with virtually any software - templates provided in Quark, InDesign, Illustrator, Word and Publisher.

- Easy to use - saves Time and Money
- Rotary cross-cut design for quieter operation
- Quickly and professionally convert 8-1/2" x 11" sheets to finished 2" x 3-1/2" business cards
